

SYED AWAIZ

Full-Stack Developer

GRADUATED

2026

IFIM College

+91 9019669163 | syed.awaiz23@ifim.edu.in | Bengaluru – 560068 | [linkedin.com/in/awaiz12](https://www.linkedin.com/in/awaiz12) | github.com/syed-techhh | awaiz-portfolio.netlify.app

CAREER OBJECTIVE

Technology graduate with hands-on experience in full-stack development, cybersecurity, and IoT systems. Proficient in the MERN stack, Python/Flask, PostgreSQL, and network security tooling. Eager to contribute reliable, scalable, and secure solutions in a collaborative engineering environment — combining rapid learning with consistent execution.

INTERNSHIP EXPERIENCE

Cybersecurity Intern

NTTF — Nettur Technical Training Foundation

Bengaluru, Karnataka

Project: Secure Office Network Setup — Cisco Packet Tracer

Project Documentation: https://drive.google.com/file/d/1la3qPqO1pbeJHdQrz1_HDXd-8CM8CXHv/view?usp=sharing

Internship Certificate: <https://drive.google.com/file/d/1KtQtRaqmWJiLcRlenQGq0kUpwgb3fRqI/view?usp=sharing>

Stack: Cisco Packet Tracer · VLAN · ACL · Firewall · Network Topology Design

- Designed and simulated a secure office network topology with VLANs, firewalls, and ACLs to enforce strict network segmentation.
- Configured routers, switches, and endpoints establishing a fully functional, secure office environment.
- Applied cybersecurity best practices including intrusion prevention concepts, data protection, and network monitoring.
- Documented all network configurations and delivered a comprehensive security audit report to supervisors.

Full-Stack Developer Intern

RSR Technologies — 1 Month

Project: Real-Time Chat Application — MERN Stack

Stack: MongoDB · Express.js · React.js · Node.js · Socket.io · JWT

- Built a full-stack real-time chat application with MongoDB, Express.js, React.js, and Node.js covering end-to-end functionality.
- Implemented secure user authentication and authorization using JWT-based session management.
- Integrated Socket.io for bi-directional real-time messaging with low latency.
- Gained practical exposure to the complete software development lifecycle in a professional environment.

ACADEMIC PROJECTS

ODEX — OD Management & Approval System

Full-Stack Web Application

Stack: React.js · Vite · Python · Flask · PostgreSQL · REST APIs · RBAC

Project Documentation: https://drive.google.com/file/d/1JxRj_UTI_FhILtEd5Klwe4HijhLNuzml/view?usp=sharing

- Built a digital OD (On-Duty) request and approval system enabling students to submit, track, and receive decisions in real time.
- Developed a responsive frontend with React.js + Vite for fast build performance and smooth user experience.
- Designed RESTful APIs using Python and Flask to handle routing, authentication, and all business logic.
- Integrated PostgreSQL for structured relational storage of student and approval records.
- Implemented role-based access control (RBAC) with differentiated views for students, faculty, and administrators.

Online Bookstore Website

Frontend Web Application

Stack: HTML5 · CSS3 · JavaScript

- Built a fully responsive bookstore with search, listings, and a dynamic cart powered by vanilla JavaScript with no page reloads.
- Applied responsive design principles using CSS Flexbox/Grid ensuring cross-device accessibility.

IoT — U-Turn Accident Prevention System

 2nd Prize — IoT Exhibition

Embedded & IoT Project — Group Project

Stack: IoT Sensors · Microcontrollers · Embedded Systems

- Designed an IoT-based system detecting vehicle movement at U-turns and triggering real-time safety alerts via sensors and microcontrollers.
- Awarded 2nd Prize at the IoT Project Exhibition for innovation and real-world safety applicability.

TECHNICAL SKILLS

Area	Technologies & Tools
Languages	Python · JavaScript · C
Frontend	React.js · Vite · HTML5 · CSS3
Backend & APIs	Node.js · Express.js · Python Flask · REST APIs
Databases	PostgreSQL · MongoDB
Security & Networking	Cisco Packet Tracer · VLAN · ACL · Firewall Configuration
Data Science	Data Analysis · Machine Learning Basics · Data Visualization
Tools	Git · GitHub · Socket.io · VS Code

CERTIFICATIONS

- HTML Development — Infosys Springboard
- Python Programming — Infosys Springboard
- Introduction to Cybersecurity — Infosys Springboard

ACCOMPLISHMENTS & ACTIVITIES

- Awarded 2nd Prize in the IoT Project Exhibition for the U-Turn Accident Prevention System.
- Organized and participated in NSS activities under UPES — leadership and community involvement.
- Volunteered in the Social Immersion Program (KSK) — education and awareness initiatives.

EDUCATION

Qualification	Institution	Score	Year
B.C.A (Degree)	IFIM College, Bengaluru	76%	2026
PUC — 12th	Vimala Hridaya Institutions	90.33%	2023
SSLC — 10th	Apollo Public School	93.28%	2021

LANGUAGES KNOWN

English, Kannada, Hindi — Speak / Read / Write | Telugu — Spoken only
